Dear Doris:

Thank you for your letter about my nomination to be president of the Association of the Bar of the City of New York. If elected to the term which begins on May 26, I plan to continue to speak out as strongly as I can on issues of government ethics, in particular, the issues identified by the New York State Commission on Government Integrity. At the present time, I co-chair with Cyrus Vance a Citizens Coalition which is promoting the passage of ethics legislation by the New York State Legislature. I would certainly be happy to meet with you after May 26 to discuss the issues of government ethics reform and the role of the Association.

Sincerely,

John D. Feerick
