Dear Mr. Roberts:

I am delighted that you finally succeeded in locating the materials we sent Mr. Nader under our August 2, 1994 coverletter. Nothing like end-of-the-year housecleaning!

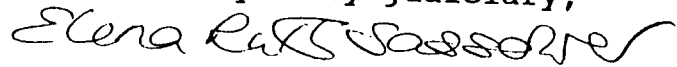

Enclosed, as discussed, is a copy of our testimony before the Long-Range Planning Committee of the Judicial Conference in Washington, D.C. on December 9, 1994. You now have our critique documenting the failure of the federal judicial screening process to which the first half of our testimony refers, as well as the three compendia of subsequent correspondence with the Senate leadership, Senate Judiciary Committee, and bar association leaders--referred to at page 4 therein.

Should Mr. Nader wish to see the supporting documentation relative to the failure of the mechanisms to discipline and remove federal judges, discussed in the second half of our testimony--we will be more than happy to supply it. It is even more appalling than our critique and compendia relative to the breakdown of the federal judicial screening process.

Finally, I enclose a copy of our "membership letter" which we have been sending out. That letter more specifically outlines the Center's immediate goals and the painstaking process of building the infrastructure of our organization.

We trust that Mr. Nader will be impressed with our efforts--which are in the tradition of citizen action to which he has devoted his life--and that he will want to help in developing the Center by becoming a member of its Board of Directors. We eagerly look forward to meeting with him at his earliest convenience in the coming year.

Yours for a quality judiciary,

ELENA RUTH SASSOWER, Coordinator
