YES

On Court Reform Amendments

1

Selection of Judges of the Court of Appeals

helps take politics out of the State's highest court.

Amendment 1 requires that judges be selected on the basis of merit—not through politics or costly advertising campaigns.

2

Administration of the Unified Court System

helps take inefficiency out of the court. Amendment 2 permanently establishes the Office of Chief Administrator—a move to help our complex judicial system run more smoothly, efficiently and humanely.

3

Judicial Conduct

helps take the red tape out of disciplining judges by streamlining the process for investigating citizen complaints about judges. Amendment 3 allows citizens and judges to depend on a disciplinary process that is faster, more efficient and more equitable.
