RE: Receipt of Letter and Critique

Dear Elena:

Thank you very much for your follow-up letter dated June 16<sup>th</sup>, after our phone conversation. Thank you, also, for sending a hard copy of your Critique of the Breyer Report and all exhibits.

We are reviewing all of this information presently, and will get back in touch with you very soon with an answer to your question about JAG's support of the relief sought by your May 13 memo. That support does look very likely, but it is premature to say yet exactly how much effort we will be able to place behind it.

Please expect a call from me on Wednesday of next week. I look forward to speaking then!

Warmly,

Michael Poythress, Executive Director  
Judicial Action Group (JAG)
