RE: Sassower v. Mangano

Dear Ms. Sassower:

I'm sorry to have delay any response to your letter. I recently returned from a delegation to Guatemala and after conducting hearings on police brutality in NYC, Washington, DC and Buffalo, NY.

After consulting with Arthur Kinoy, vice president of CCR and its litigation director, it seems that they will not pursue your case. Although interesting and important, it does not reflect their impact litigation or class action mandate. I don't, at this time, have anyone else in mind who could be helpful.

I'm very sorry about the delay. Good luck.

Sincerely,
