GEORGE SASSOWER, Esq.

An Attorney.

D-613

Motion to Defer
Consideration

I, GEORGE SASSOWER, Esq., make this affirmation in support of my motion to "defer consideration" of the above proceedings pending hearings Ordered this day, April 24, 1987, by District Judge VINCENT L. BRODERICK of the Southern District of New York (M-2-238[VLB]).

His Honor has referred such matter for assignment to a United States Magistrate for such purpose, and has granted my application "for expedition".

Since your affirmant understands that "a committee" and/or "a master" has not been employed by this Court for many years, the transcript of such hearings and report of the United States Magistrate should provide this Court with guidance in this matter.

The aforementioned is stated on the penalty of perjury.

WHEREFORE, it is respectfully prayed that this Court "defer consideration" of this matter pending the hearings and report in the United States District Court for the Southern District of New York, since the same issues are involved.

Dated: April 24, 1987

GEORGE SASSOWER
