Anita Jensen, Legislative Assistant for Judiciary
Senate Majority Leader George Mitchell
Washington, DC

Dear Ms Jensen —

Your office informs us that it is
unable to locate our Law Day critique —
sent to Senate Majority Leader Mitchell
under a May 18, 1992 cover letter, but has
surmised that the critique may have
been directed by the Senator's mailroom
staff to the Senate Judiciary Committee.

We would appreciate your verifying with
the Senate Judiciary Committee staff
whether this is, in fact, the case —
and whether subsequent correspondence
from us on the subject of our critique
has, likewise, been directed to the
Senate Judiciary Committee.

You have directed the return ^{to us} of our
duplicate ^{copy of the} critique which we hand-delivered
yesterday — with a duplicate set of
correspondence. Your staff has advised

Ex "T"

that "no one can help" with this matter.

We do not share this view - & will set forth our position in a subsequent communication.

Kindly retain a copy of our May 18, 1992 letter to ~~Senator~~ ^{Senator} ~~Mitchell~~ ^{Senator Mitchell} - which is herein attached.

Thank you -

Elana Ruth Sassower
Coordinator, NLR Judicial
Committee
