As discussed. Below is the April 7th e-mail I showed you from CJA's website, www.judgewatch.org, accessible *via* the left sidepanel link: Press Suppression. The direct link to our webpage for Sinclair, which you viewed, on which it is posted, is here: <http://www.judgewatch.org/web-pages/press-suppression/2018/press-sinclair.htm>.

Please forward to Anchors Mulcahy, Coleman, Benny, Bybee -- & to anchors of other Sinclair-owned TV stations, so that they can understand that the "fake news" message, mandated by Sinclair corporate, is TRUE – and that, consistent with that scripted message, they have a powerful democracy-vindicating role to play in investigating and reporting on the lock-step, "fake news"/"journalistic fraud" reporting and editorializing of the diverse non-Sinclair media, which our non-partisan, non-profit citizens organization has chronicled for more than 25 years – as below described.

More, much more, to follow.

Thank you.

Subject: REPORTING THE TRUTH of Sinclair's "fake news" message that Liz Bishop read, on air -- & that Deadspin included in its composite video

TO: Reporter Lynzi DeLuccia/CBS-6/WRGB

Following up my phone call to the station this morning and our phone conversation together pertaining to the TRUTH of Sinclair's "fake news" corporate-mandated message that Liz Bishop read, on air, below is the e-mail I wish you to forward to Ms. Bishop, as well as to News Director Chris Gegg, for whom I left voice messages on April 3rd and April 4th, requesting to speak with him about the "fake news" that pervades non-Sinclair media, prior to my contacting Sinclair Vice President for News Scott Livingston. I was most surprised to have received no return call.

CBS-6/WRGB is the MOST important of Sinclair's New York stations as it is in the capital region, able to furnish on-the-ground reporting and investigation of our state government in Albany. And reflecting this is that the Legislative Correspondents' Association lists CBS-6/WRGB reporter Greg Floyd on its roster, <http://lcapressroom.com/>. As the
