Completely unintended. Am exhausted & overworked. Kindly examine the July 19th corruption complaint to D.A. Soares. HUGE STORY – that can “move that ball”, to use D.A. Soares’ phrase in your July 15th Capitol Report interview of him.

We can’t achieve good government reform without the press. Here’s the direct link: <http://www.judgewatch.org/web-pages/judicial-compensation/albany-da.htm>.

Thank you for your e-mail. I am available to answer your questions – and furnish you with all assistance I can. Call anytime, including over the weekend and at night. I would be delighted if a viewer-supported-PBS media took the lead... By the way, check out the FOIL requests – and responses, posted on the page...

Dear Elena,

This is the first time I am hearing from you directly. Why are you taking such a combative tone?
