RE: ELECTION COVERAGE 2005: Enabling the Voters to Makes Informed Electoral Decisions in the Races for Manhattan and Brooklyn District Attorney

GOOD NEWS TO REPORT! CJA's website, www.judgewatch.org, is now up and "**AT YOUR SERVICE**" to assist you in examining Manhattan D.A. Morgenthau's Record with Respect to Judicial Corruption and Conflicts of Interest -- and Getting His Response and that of Would-Be D.A. Snyder.

Scroll down on the homepage to "LATEST NEWS". That's where you'll there find "**ELECTION 2005**", posting our September 2, 2005 memo to you and our September 2, 2005 covermemo to D.A. Morgenthau and Would-Be D.A. Snyder -- both already e-mailed to you. That's where you'll also find a convenient direct link to the correspondence pages of our website from which you may access the devastating *primary source documents* pertaining to the official misconduct of both D.A. Morgenthau and D.A. Hynes in covering up systemic, high-level, judicial corruption within their jurisdictions, etc.

Please advise as to whether you wish us to facilitate your review by providing you with "hard copies" of the original documents. As I am planning to be in Manhattan on Thursday, September 8th, I would be pleased to schedule appointments to meet with you. With my assistance, it would take **NO MORE THAN AN HOUR OR TWO** for you to verify the most salient aspects of the far-reaching scandals represented by these *primary source documents*. You will then be able discharge your duty to voters by the weekend so that, come next Tuesday, they can make informed electoral decisions.

Thank you.
