RE: Henry Hyde and the House Judiciary Committee's *Other* Impeachment Duties

Dear Knut:

I've been most disappointed to have received no response from you to the materials express-mailed last Thursday -- materials establishing the kind of fully-documented complaints of impeachable conduct by federal judges that Henry Hyde's Judiciary Committee ignores, *without* investigation.

Please call next week so that we can discuss your interest. Needless to say, in the event you are not interested, we would greatly appreciate if you would be good enough to pass the materials onto an investigative reporter who would be, particularly Jonathan Broder who, I believe, now writes for Newsday, or to your friend at Salon, who you mentioned by name during our phone conversation together. Otherwise, please return the materials to us. They are quite time-consuming and expensive for us to reproduce and assemble and we would appreciate being able to "recycle" them for use by other journalists.

Thanks.

Yours for a quality judiciary AND dynamite reporting,

ELENA RUTH SASSOWER, Coordinator
