Mr. Jack McKenzie
The New York Times
Editorial Board

Dear Mr. McKenzie:

Thanks for inspiring us with your powerful May 7th editorial. With a little media focused on our Law Day submission, we can make your editorial happen!

Enclosed, as a supplement to what is already in the possession of the Times, is our June 2nd letter to Senate Majority Leader Mitchell.

We hope you'll agree that this story--with all its many angles--is dynamite!

Regards,

ELENA RUTH SASSOWER
Coordinator, Ninth Judicial Committee

Enclosures

P.S. I just called the Times and learned at 6:10 p.m. that they routed the materials to you via inter-office mail which they said would take "a few days" to arrive.

Because time is of the essence (not the least reason being the Ed Carnes confirmation--see: 5/31/92 NYT editorial), I am hand-delivering another full set of papers so that there is no further delay on what should be a top-priority story. (Don't your colleagues on the Times read your editorials--and know how serious and urgent the situation is?)
