RE: Cover Letter with 28 U.S.C. § 372 (c) Complaint
By way of Affidavit against USDC Judge with
accompanying documents.

Senate Judiciary Committee
United States Senator
Charles E. Schumer (D)(NY)
313 Hart Senate Building
Washington, D.C. 20510
Ph: 202-224-6542

C.R.R. # 7099 3400 0010 5001 9332

Dear Senator Schumer:

Attached to this cover letter is the 28 U.S.C. § 372 (c) complaint of judicial misconduct by way of Affidavit against a United States District Court Judge, along with supporting documents.

As a fellow constituent, legal voter and an upward coming political activist against egregious injustices by municipal and judicial governmental bodies, I believe it is my duty and obligation as a citizen of the United States of America to bring to your attention matters of great public concern regarding covert and overt violations of citizens rights, such as myself, in the Federal Courts. Particularly within the Southern District of New York.

The facts set forth in my Affidavit should be able to assist you in understanding what protection citizens of the United States of America, as pro se litigants, need or require against abusive judges who engages in the conduct delineated in my Affidavit.

After you have read my affidavit, I would like for your office to consider instituting through Congress a silent watchful body over the 372 (c) complaints of all citizens, as well as the one submitted by this writer. Additionally, I would like for your office to institute legislation that will have the effect of restricting the use of the various doctrines, often times misused in federal court, such as "Rooker feldman", "Res Judicata", "claim preclusion", "issue preclusion" and the so called "voluntary dismissal of a case by a third party constituting an adjudication on the merits" etc.

Thank you very much for your attention and understanding regarding this matter.
