I, kemitu: BEY, duly affirm, depose under law, truth and justice the following:

On the day, month and year of June twenty six, two thousand and three, at the united states district court, Forty Foley Square, New-York, New-York, One thousand and seven, Room Seven zero five. I bear witness to prima facie evidence, that Justice: John E. Sprizzo flag with his hand towards the court reporter as to waiver the recording of Yashua Amen Shekhem'El-Bey case, to exempt it from the public record. I also bear witness that Justice: John E. Sprizzo stated to Mr. Yashua that he notice that he did not bring his religious regalia to his courtroom. Mr. Sprizzo also indicated that he was not going to calendar a returned dated on a Friday because of Mr. Yashua's belief, as to make mockery towards other Moorish Americans in the courtroom. Justice: John E. Sprizzo acted as an attorney for the adverse party, by instructing them to motion to dismiss Yashua Amen Shekhem'El-BEY case. Justice: John E. Sprizzo dereliction of duty and his partiality towards Mr. Yashua, would make you think that he has some financial interest as in government bonds, which in the way he acted in his judicial capacity. I did witness the cases before and after Shekhem'El-BEY case was being recorded. Thereof Justice: John E. Sprizzo had display gross animosity and judicial prejudice towards Mr. Yashua, by denying him due process to the second circuit court as a right to interlocutory appeal.
