Priyanka,

Our committee does not have an obligation to review individual cases, we may at our discretion do so and at this time we are not moving forward with review of your situation. Should there be a substantial change in the case feel free to reach out in the future for further discussion.

Sincerely

Todd Sage

Hi Mr.s Sage

Good morning. My name is Priyanka. I spoke to you in 2021 and reported how my child was kindappened and we were falsely accused and victims of fraud. I never heard back from you. You might have read my name again from Elena Sassower's independent expert report. I see that your organisation advocates and voices against fraud and corruption/ Why did my child and my family did not receive your advocacy? Why did you not probe an investigation about my case. Why did you not take any steps to protect my child and my family. We are victims of fraud. I reached out to you and to over 1000 entities on every day basis to inform what kind of fraud is taking place in monroe coounty?

Please inform me what exactly you and your organisation does?

Thank you.

Priyanka
