Subject: racism, fraud upon court monroe county rochester NY

Hi Mr. Lanser,

Good afternoon.

How are you doing? We came across your information after learning about from the senate hearing.

My family are victims of racism, fraud upon court and several civil rights violations. Terrorist Judge Stacey Romeo and Terrorists Judge Joseph Nesser has harmed my child and my family.

We filed appeals in appellete division and every case was dismissed and denied without a reason. Entire monroe county knows that they have harmed my family. We approached Senator Shelly mayer and she is aware of my case. In yesterday hearing we should have been invited but committee members purposely did not invite us and they are aware that they have harmed my child and my family.

We are looking for an attorney to sue brighton school and monroe county, Brighton police, Bivona Child advocacy, Willow, Strong memorial, catcholic charities. attorney for children. Please let me know if you are able to assist us.

Thank you.
