& twice immediately rejected as "it does not align with our Community Guidelines":**

The current \$210,900 salary of NY's Supreme Court justices, as likewise Gov. Kathy Hochul's \$250,000 salary, are the products of "false instrument" commission reports, challenged by a major lawsuit that was "thrown" by fraudulent judicial decisions of financially-interested judges, going up to the NY Court of Appeals, on which was then sitting Judges Rowan Wilson and Eugene Fahey. Wilson is now Chief Judge -- & he appointed the now retired Fahey as chair of the current Commission on Legislative, Judicial & Executive Compensation. Its "false instrument" pay raise report REPLICATES all the frauds of the prior commission reports that were the subject of the lawsuit.

I testified about what was going on before Fahey, et al. at the Commission's Oct 13th hearing. The VIDEO of my testimony, with the substantiating EVIDENCE, is posted on www.judgewatch.org -- the website of the Center for Judicial Accountability, the non-partisan, non-profit citizens' organization of which I am co-founder & director. See prominent center link "NY's 'Force of Law Commissions -- Unconstitutionality & Fraud IN PLAIN SIGHT".

This is a major story of corruption & greed by the highest constitutional officers of NY's 3 gov't branches -- Gov Hochul, Attorney General Letitia James, & Chief Judge Wilson, among them. Its cost to taxpayers, since 2012, approaches 1 billion dollars. Will you investigate it?

I have twice posted comment -- and it was twice rejected because, allegedly, "it does not align with our Community Guidelines". I do not see why this should be so -- nor where you even post the "Community Guidelines".

To enable your readers to make their own evaluation of my comment, I have posted it on the Center for Judicial Accountability's website, www.judgewatch.org, accessible from the prominent homepage center panel "NY's 'Force of Law Commissions -- Unconstitutionality & Fraud IN PLAIN SIGHT".
