Subject: Have you examined press reporting? Do you think voters have the information needed to intelligently cast their ballots in the elections for Onondaga county D.A. -- and for Supreme Court justices for the six-county Fifth Judicial District?

Dear Professor Reeher,

I don't understand what you have written. I'm turning to you for help in securing investigation and reporting of EVIDENCE of public corruption by public officers running for re-election and election, which additionally tests the fitness of competing candidates of different parties. What is partisan about that? How are voters supposed to intelligently cast their ballots, if not alerted to the kind of EVIDENCE posted on CJA's 2019 Election webpages for Fitzpatrick and Antonacci: <http://www.judgewatch.org/web-pages/elections/2019/menu.htm>. Have you examined the press reporting, to date, of the Onondaga County D.A. race – and of the Fifth Judicial District Supreme Court races – such as posted on those webpages? Do you think it actually equips voters?

Please call me tomorrow to discuss. Time is of the essence.

Thank you.
