EX 'C'

This year, The Association of the Bar of the City of New York celebrates its 125th anniversary and a history of public service and involvement with the New York City community. Since its inception in 1870, the Association has been committed to the goal of a responsible and responsive legal profession.

In keeping with this tradition, we have prepared this brochure to assist the public in understanding the responsibilities of attorneys, identifying legitimate grievances and seeking redress from appropriate agencies.

This Association, as do other bar associations around the state, participates in the mediation of disputes referred by disciplinary agencies. In addition, many of the more than 20,000 members of the Association participate on committees which are dedicated to the improvement of the administration of justice. Much of their energy is spent in the development of public service projects like this brochure.

If you would like additional copies of this brochure, please contact the Communications Office, Association of the Bar of the City of New York, 42 West 44th Street, New York, N.Y. 10036-6690.
