RE: Tomorrow's City Bar hearing

Dear Mr. Stern:

Responding to your fax, we are delighted that you "will answer questions that the Committee may ask" of you.

You may be sure that we will endeavor to have the City Bar's Committee ask you to respond to the particularized showing, set forth at pages 1-3 of our December 15, 1995 letter to the Assembly Judiciary Committee, that the court decision dismissing our Article 78 proceeding against the Commission is a fraud. As you know those pertinent pages are annexed to our May 5th letter.

Also, although your letter does not directly say that the complaints we annexed to the Article 78 petition are facially lacking in merit -- or that they were so determined by the Commission -- you infer that they merely used "highly-charged words". Please be good enough to bring to the Committee hearing the documentation that accompanied those complaints, which substantiated their detailed and specific facially-meritorious allegations of judicial corruption, bias, fraud, and other improper judicial conduct.

Thank you.

Yours for a quality judiciary,

ELENA RUTH SASSOWER, Coordinator
