Dear Ms. Sassower:

We received the materials you sent showing further developments in your case from last June.

The response to your complaint to the Metropolitan Police Department--though obviously not in much depth nor at all satisfying to you in substance--is noteworthy in that you got a written response, addressing your points, relatively quickly, and from the chief. Virtually all the complaints we hear about get no answer from any level.

We will look forward to hearing if you are successful in your April 4, 1997, trial on the original charge.

After that you will be in a better position to consider what further legal steps you wish to take. Feel free to contact us again at that point.

Sincerely,

Fritz Mulhauser
