Subject: Hi Elena!!!

It was such a pleasure to meet you on Sunday at the AM training. I only wish that we had more time to talk so that I can really wrap my brain around all that you are doing. We are very tied up in defend petition challenges. Seward challenged 652 of my signatures. Can you imagine? He's doing anything to tie me up, get me to spend money, and he wants me out of the primary. I am fighting like crazy!

Enough of my complaining. I look forward to talking with you again soon. As promised, I will help push Al and Carl along.

Warmest regards,

Jim
