

CANDIDATE FORUM –

Shelley Mayer/Julie Killian – 37th Senate Seat

April 19, 2018

My name is Elena Sassower. I am director and co-founder of the Center for Judicial Accountability, Inc. (CJA), a non-partisan, non-profit citizens' organization, based in White Plains. I have direct, first-hand knowledge of the corruption of Shelley Mayer, going back nearly 25 years to when she was counsel to then Attorney General G. Oliver Koppell and spanning to the present, in her capacity as Assemblywoman and as Chair of the Assembly Committee on Oversight, Analysis and Investigation.

Indeed, in addition to first-hand knowledge, I have open-and-shut documentary and video EVIDENCE establishing this corruption. As Assemblywoman Mayer knows – and as Ms. Killian knows – it is posted on CJA's website, www.judgewatch.org, accessible *via* the prominent homepage link: "OUTING CORRUPT AND COLLUSIVE INCUMBENTS – & Ending their Road to Re-Election & Higher Office with EVIDENCE". It is now also accessible from the top link "Latest News". I urge those here today at this debate – or watching any video of what I am saying – to examine the website EVIDENCE for themselves.

My question is two-fold: On February 2nd, Westchester's Assembly delegation – including Assemblywoman Mayer – held a local forum on the state budget, at which I testified about CJA's citizen-taxpayer actions, suing the legislators for their "grand larceny of the public fisc" and other corruption with respect to the budget – and identifying the unlawfulness of specific appropriations in the Legislative/Judiciary budget bill for this fiscal year, amounting to hundreds of millions of dollars. What steps did Assemblywoman Mayer take to verify the truth of my testimony – as to which, because she chairs the Committee on Oversight, Analysis and Investigation, I furnished her with hard copies of the lawsuit EVIDENCE, in substantiation?

Second – and this is addressed to Ms. Killian – what did she do to verify the truth of my notice to her, on February 7 and 8th, that she could EASILY WIN against Assemblywoman Mayer – & without cost – simply by whistle-blowing about CJA's citizen-taxpayer actions and about my February 2nd testimony before Mayer, etc.
