When You Smoke
You're Comitting Suiside
You're Taking Ten Years
Off Your life.

You Take Eight To Ten
Years Off Your Life
Because Of The Sickness
It Gives You.

Sometimes People Smoke
Because They Need
Security Like A Baby
Needs A Pacifier To Suck.

Chew Gum, Suck A
Lolipop, Chew Paper Even
Almost Anything Is Better
Than Smoking.

When You Smoke,
Climbing Up A Flight
Of Stars Is Tiresome.
After A While Getting
Dressed Is Even A
Pain.

That Is Because
What Is Happening Is
Smoking Slows Down Your
Energy.

When You Have Juice
In A Container And
You Pour It Out
It's Gone But Some Of It
Is Still On The Sides.

When You Smoke The
Materials of the Pipe, Cigar or Cigarette
go To Your Lungs And ~~Some~~
Of The Materials Stick To Your
Windpipe And That Makes You
Cough And Hack.

Smoking Makes Your Tastebuds
Deadened And Not Being Able
To Taste Things Is Terrible.

When Your Taste Buds
Deadened Eating Mud, Candy or
Fruit tastes the same. It Might
Save Money But It's Tiresome.

Smoking Is Revolting To Smell
Even More When You Can
Smell It All Over Yourself.

You Might Not Be Able
To See I+ But You Can
Smell I+ And You Know It's
There.

When You're Near A
Fire ~~Make~~ Your Eyes
Sting And Tear.

The Same Thing Happens
When You Smoke.

Smoking Makes Your
Fingers Yellow.

Filters Don't Help.

If God Intended People
To Smoke We Would Be
Born With Smokestacks
On Our Heads.

No One Can Tell You To Stop
Smoking But Your Own Common
Sense And It Should Before
It's Too Late And That Means
Now. Tell Your self And Your
Friends Who Smoke To Quit.

So Many Dicing People
Would Love To Live So
Don't Ruin The Life God
Gave you IF Not For Yourself
quit For The Sake OF Your
Loving Children.

Kick The
Habit
Stop Smoking
