AN ANATOMY OF JUDICIAL CORRUPTION

Feb. 4, 1987

\$ Eighty (80) months A[fter] D[issolution] \$

\$ — \$

"THE WRIT OF EXTORTION"

\$ 1a. The 800 year Writ of Habeas Corpus ad \$

\$ has been replaced by a new, more effective, and improved \$

\$

\$ questioned only jurisdictional power; was thereafter \$

\$ constitutional rights; and still later, at times, the \$

\$

\$ questions nothing, you simply pay (checks accepted) -- \$

\$

\$ forum "subordinate" to nothing, as Mr. Justice Holmes \$

\$

§ extortion", albeit not found in Article 70 of the CPLR, §

extended by "Uncle Miltv" [as His Honor is called by the \$

some of the "fixed" federal jurists.

3a After your firm and its clients have \$

engineered the failure of judicial cross-examination, inundated the courts with perjurious denials, and \$

KREINDLER & BEIKIN P.C. ["K&B"] you go; if you are \$

caught, ex parte, to Administrator XAVIER C. RICCOLONO
["Corruption Incarnate"]

.....

OVER PLEASE

\$ \$

b. Obviously, at this point, if you are a corrupt, court-appointed receiver, as is LEE FELTMAN, Esq. ["Feltman"], you cannot render an accounting, which you are mandated to do, without explicitly confessing criminal larceny and the commission of other egregious crimes!

c. Thus, although you are supposed to file a final accounting within one (1) year (Bus. Corp. Law, §1216[a]), "at least once a year" (22 NYCRR §202.52[e]), and the Attorney General compelled, as a ministerial "duty", to make application for such final accounting, if not rendered within eighteen (18) months, Riccobono, Murphy, and their thrall, solve all problems!

\$ d. Riccobono will appoint Referee DONALD \$
["Khadaffy"] DIAMOND and/or manipulate the Bellacosa \$
computer until, Mr. Justice IRA GAMMERMAN, the "bald \$
turkey", is selected.

e. It is the high flying, free, "bald eagle",
that has been the symbol of American for more than 200
years, the "turkey" is a scavenger, which dines and
associates with anything, anywhere -- as long as you
feed it!

4. To those who will not succumb to "judicial corruption" -- "the coins of the judicial realm" -- one can expect "a parade of horrors" -- with salvation, only in the "Writ of Extortion"!

5a. Re-enlisting, for example, the services of Mr. Justice ALVIN F. KLEIN ["Klein"], one of the "judicial whores" in the Riccobono fiefdom, who without benefit of a ministerially mandated trial, convicted and sentenced GEORGE SASSOWER, Esq. ["Sassower"], SAM POLUR, Esq. ["Polur"], and HYMAN RAFFE ["Raffe"], to be incarcerated for non-summary criminal contempt, speciously claiming that they violated the corruptly secured order of the "bald turkey"!

b. Salvation, from the "judicial purgatorium", lies, it is openly advocated, in making payment to "the criminals with law degrees" and their "judicial whores".

c. "Nuts" say, Sassower and Polur, and they are incarcerated, and made the subject of disciplinary proceedings based upon such convictions!

[illegible]

d. While Raffe's attorneys are incarcerated, "the criminals with law degrees" deal directly with Raffe, and/or his quisling usurper attorneys, IRA POSTEL, Esq. ["Postel"] and HOWARD BERGSON, Esq. ["Bergson"], although they all know that such dealings are an unethical nullity since time immemorial (Moustakas v. Bouloukos, 112 A.D.2d 981, 492 N.Y.S.2d 793 [2d Dept.]; Webb v. Dill, 18 Abb. Prac. Rep. 264; Disciplinary Rule 7-104[A][1]).

Some of the essential transactions took place in the "non-public courtroom" of Referee DONALD DIAMOND, who in his "whorehouse" environment even provides "typing services", while they have the Sheriff threaten Raffo with "sign or go to jail" (Disciplinary Rule, 7-105)!

e. Raffe is not only compelled to release irresistible compelling legitimate rights worth in the millions, but also to pay, and keep paying, to the "criminals with law degrees", because by now they have totally "cleaned out" Puccini, the "judicial fortune cookie", of all its assets!

f. In exchange, and as long as Raffae cooperates with these judicial criminals, he will not be incarcerated, nor made the subject of any more of the in terrorem decrees!

6a. Of course, when Polur left the scene, that was the end of the disciplinary proceedings against him.

b. As long as Polur does not associate with Sassower, he will not be subject to any disciplinary proceedings nor any other of the in terrorem judicial decrees in the Riccobono-Murphy forums!

7a. Since Sassower will not succumb, and in bowdlerized language, still says "nuts", he is continuously and repeatedly harassed, incarcerated, and made subject of Diamond's orders directing the Sheriff to "break into" his premises, "seize his word processing and software" and to "inventory" his possessions.

b. Under the same Klein conviction for which Raffe is paying, by check, hundreds of thousands of dollars, to the "criminals with law degrees", not to be incarcerated; and Polur is no longer pursued in disciplinary proceedings; "Uncle Miltie's" entourage pursues Sassower claiming such same Klein conviction is a "serious crime"!
