Dear Ms. Leavy and Mr. Hilton,

I am a native-born American citizen, a battle starred veteran of World War II, and have probably been denied, for non-ethnical, non-racial reasons, more basic civil rights, more times, than any other person in the United States.

The others victims mentioned in my letter of February 7, 1990, a copy of which is enclosed, are all native-born American citizen, and with one exception, all served in the armed forces of the United States.

Since I expect to be in Washington for the confirmation hearings of Hon. John R. Dunne, may I see you for a short time on that day and show you my extensive documentation on the subject matters recited therein.

Most Respectfully,

GEORGE SASSOWER
