Foreperson
United States Grand Jury
Southern District of Ohio
200 West 2nd Street
Dayton, Ohio 45402

Dear Sir:

1. Supplementing my communication to you of June 15, 1992 is the enclosed, further exposing the fraud being perpetrated on, inter alia, the United States and the American taxpayer by its high-echelon judges and officials.

2. You will find nothing in the Courthouse in Dayton, or in any other Courthouse, which controverts in any respect, fact or conclusion, of anything that I have set forth.

3. I solicit your invitation to appear before your body with my massive documentation on the subject, including cancelled checks admittedly representing "pay-offs", and similar criminal activities.

4. Although my requested appearance to testify under oath is solicited and voluntary, you can compel the sworn testimony of any other person, by subpoena, no matter how exalted their office, and the U.S. Attorney must comply by issuing such subpoena and having it served.

Most Respectfully,

GEORGE SASSOWER
