Re: Raffe v. Doe et. el.
84Civ6272, 85Civ3712, 3927, 4158 [WCC]

Honorable Sir:

1a. This afternoon, still not having received a copy of the accounting, which is supposedly to be settled in the "non-public courtroom" of Referee Donald Diamond, where I am specifically excluded, I filed an "of right" successive Writ of Habeas Corpus (86 Civ. 8207 [MJL]), based on the proposition that such "accounting" is exculpatory, and set forth the reasons for my three (3) trialess convictions and incarcerations, as well as the trialess convictions of others.

b. Every attempt, to various tribunals, received a resounding silence.

2. Although I the entertain the belief that such accounting, having been prepared by Rashba & Pokart, makes every attempt at concealment, the massiveness of the larceny of judicial trust assets, and the arrogance of the perjury, simply cannot conceal all that happened.

3. The media, and others, including Your Honor, will receive copies, as soon as I am in receipt thereof.

Respectfully,

GEORGE SASSOWER
