Re: Dennis F. Vilella

Dear Dr. Sordi,

I expect that you, with expedition, will carefully read and consider my enclosed affirmation of July 31, 1987, and that you will forthwith write a letter to Hon. JOSEPH HARRIS, with a copy to me and Assistant District Attorney Littman, requesting a brief hearing so that the true nature of your testimony in the trial of the above may be set forth with crystal clarity.

Specifically, the interests of justice demand that you state whether it was your intended testimony that Mrs. Theresa Nappi's injuries were caused by the repeated and violent blows of a person with a tire iron directed at Mrs. Nappi's unprotected head.

Very truly yours,

GEORGE SASSOWER
