RE: FOIL Records Request of February 12, 2024, Reference # R000062-021224

Dear Elena Sassower,

The NYS Office of Children and Family Services received a FOIL request from you on February 12, 2024. You requested:

"Social Services Law §371-B is entitled "Citizen review panels". Its ¶1 specifies the following with respect to the New York City Panel:

"The panel in the city of New York shall create one subcommittee for each borough for the purposes of evaluating the extent to which the state and the social services district are discharging their child protection responsibilities within that particular borough, in accordance with subsection three of this section."

Pursuant to FOIL, this is to request documents reflecting the current membership of each of the five subcommittees for each of New York City's five boroughs – and for years 2000, 2005, 2010, 2015, and 2020.

Thank you."

Due to the volume of FOIL requests received by the agency, we require additional time to process your request. At this time, please be advised that OCFS is still conducting a diligent search for records responsive to your request.

Office of Children and Family Services estimates it will complete your request and provide a response in writing by September 17, 2024. If you have any questions or require additional information, please do not hesitate to contact us.

Sincerely,

NYS Office of Children and Family Services

To monitor the progress or update this request please log into the [FOIL Records Access Center](#).
