Where would your viewers start, if they had "to figure out how to eliminate a \$4.4 billion budget deficit"? Wouldn't it be by investigating and eliminating FRAUD from the budget? I testified before the legislators on January 30th, February 2nd, and February 5th about hundreds of millions of dollars of fraudulent appropriations and reappropriations in the Judiciary/Legislative budget bill – and furnished specifics, in substantiation.

Has the fraud and larceny about which I testified been investigated? And, if not, why not? This is a MAJOR CORRUPTION STORY – and it brings down not only incumbent legislators, seeking re-election this year, but Governor Cuomo, Attorney General Schneiderman, and Comptroller DiNapoli. All are defendants, sued for corruption and "grand larceny of the public fisc", in a citizen-taxpayer action pertaining to the state budget – whose origin are the fraudulent, statutorily-violative, and unconstitutional judicial increases that, since April 1, 2012, have stolen \$300 million dollars from taxpayers – with another \$70 million being stolen by the judiciary's proposed budget for fiscal year 2018-2019.

CJA's website, www.judgwatch.org, posts the three VIDEOS with my testimony – and the corroborating EVIDENCE I handed up and to which I referred in testifying. The direct link to the menu page from which everything is accessible is here: <http://www.judgwatch.org/web-pages/searching-nys/2018-legislature/menu-2018-legislative-session.htm>.

I am available to assist you, to the max.
