Dear Bob,

The Buffalo News editorial board presumably read your March 2<sup>nd</sup> article – and got the same impression as I, that Schneiderman is a corruption fighter, to be lauded for having brought the Maziarz and Ortt cases.

In any event, you now have further reason to TAKE THE LEAD in investigating, and reporting on, the EVIDENCE furnished by my below March 7<sup>th</sup> e-mail as to Schneiderman's corruption, in office, as attorney general. If that is the meaning of your "advice...stay tuned. Lots more to come", then BRAVO! You have a MAJOR story about Schneiderman – and it will not only bring him down, but Cuomo, DiNapoli, and legislative incumbents, DeFrancisco, among them. Indeed, even Molinaro is not unscathed. And, finally – and by your reporting – you will put an END to New York's so-called "culture of corruption".

Your starting point is asking Schneiderman one simple, straight-forward question: "What were your findings of fact and conclusions of law with respect to CJA's October 27, 2011 opposition report to the August 29, 2011 report of the Commission on Judicial Compensation?". This he received from me, essentially, in-hand, on November 29, 2011 – and as a complaint for investigation and action by his "Public Integrity Unit".

Certainly, you should feel free to avail yourself of expert opinion of such scholars as Buffalo Law Professor James Gardner, on whom the Buffalo News editorial board relied for its March 8<sup>th</sup> editorial. Or will he refuse to give an expert opinion about CJA's October 27, 2011 opposition report – and about the declaratory judgment action based thereon, and about the two citizen-taxpayer actions commenced thereafter, and about the myriad of corruption and ethics complaints that criminal and disciplinary authorities have been "sitting on", including my September 17, 2017 complaint against Schneiderman for his litigation fraud, filed with the attorney disciplinary committees – ALL posted on CJA's website, [www.judgewatch.org](http://www.judgewatch.org), and accessible from such convenient webpages as the 2018 election webpage I created for Schneiderman, here: <http://www.judgewatch.org/web-pages/elections/2018/schneiderman.htm>. How about other scholars, lawyers, and "good government" types?

EVERYTHING IS VERIFIABLE, READILY – and I will help you, TO THE MAX.

Thank you.
