Thank you for your intelligent, informative, and well-written Op Ed "Statewide Public Finance Is a Big Deal. Let's Treat It As Such." (Kings County Politics, April 14, 2020) – which I hope you will follow-up.

There's an explosive story to report about the "big ugly" FY2020-21 state budget – and the policy Governor Cuomo stuffed into it, such as the recommendations of the rigged Public Campaign Financing and Election Commission. Please call me, after you have read the above two attachments – my March 18, 2020 letter to Governor Cuomo as to the UNCONSTITUTIONALITY of his budget and my August 21, 2019 published letter in the New York Law Journal, identical to what I handed up to the Public Campaign Financing and Election Commission when testified before it on September 10, 2019. These are the two attachments to my below March 30, 2020 e-mail to Assemblyman Carroll, to which I received no response. The chain of e-mails beneath it – to which I also received no responses from any of the recipients -- include my two e-mails transmitting the March 18, 2020 letter to the Governor – and, simultaneously, to Assemblyman Ra, among other stipend-benefitting legislative "leaders".

I look forward to hearing from you.

Thank you.
